

SiriusXM MARINE

— Weather, Fish Mapping® & Entertainment Receiver —

WM-4 WORKS WITH LOWRANCE SIMRAD B&G

\$499 MSRP
\$300 Rebate Available

Watch how to use the service on a Navico display by scanning the QR code.

Boaters in US and Canada can subscribe to SiriusXM Marine's satellite-delivered Weather and Fish Mapping services via the WM-4 receiver. The Weather service displays radar, lightning, storm warnings, sea surface temperatures, wind/wave info, and more directly on your MFD from Simrad and Lowrance. B&G supports SiriusXM Marine Weather and Entertainment plans only. The Fish Mapping service provides fishing and weather info for anglers on their boat's display. Plus, for no additional cost, subscribers can use the Fish Mapping App onshore using a Wi-Fi or cellular connection to view the same eight fishing features available on your MFD with the addition of ocean currents and historical data before heading to the boat. You can also add over 150 channels of SiriusXM entertainment at a discount.

Weather & Entertainment Compatibility: Simrad evo3 and evo3s model displays, Lowrance Elite FS, HDS LIVE and HDS Carbon displays, as well as B&G Zeus model displays running the latest software.

Fish Mapping, Weather & Entertainment Compatibility: Simrad evo3 and evo3s model displays as well as Lowrance Elite FS, HDS LIVE and HDS Carbon displays running the latest software.

1 Purchase and install compatible hardware

2 Choose your subscription at siriusxm.com/Navico

3 Visit siriusxm.com/MarineActivate or call 1-855-796-9847 to activate

\$300 REBATE

Purchase any new eligible marine receiver between March 1, 2024 and June 30, 2024, activate it with any SiriusXM Marine Plan by July 31, 2024, maintain 60 days of continuous paid service, and receive a \$300 SiriusXM Rewards Visa® Prepaid Card. See Rebate Offer Details at siriusxm.com/MarineRebate.
